

# THE BEST FABRICATION SOLUTION

02. ●●●

---

# WELCOME MESSAGE

With a legacy of over 20 years in the industry, Katkar Construction is your premier partner for comprehensive fabrication solutions. Based in Indapur with a state-of-the-art industrial unit at MIDC Indapur, Pune district, Maharashtra, we specialize in delivering high-quality, innovative products and services tailored to meet diverse industrial needs.

Katkar Construction is a leading company specializing in the design, fabrication, and installation of heavy steel structures. We serve industries such as structural steel fabrication, oil and gas, petrochemical, mining, and railways. Our expertise extends to manufacturing specialized moulds and benches for concrete sleeper manufacturers and other concrete products. We excel in producing high-quality structural components and customized solutions for various industrial needs. At Katkar Construction, we don't just build structures; we build trust. Partner with us for your fabrication needs and experience the difference that two decades of expertise can make.
